

Pura Vida

¿QUÉ ES Pura Vida?

La expresión pura vida es el sello de los ticos, es el slogan de todo un país, es lo que describe perfectamente la esencia de este pequeño lugar del mundo, donde se ven los mejores atardeceros y está la mejor biodiversidad.

El pura vida es un saludo, una despedida, un agradecimiento e incluso una afirmación. Cada vez que expresamos emoción, ¡¡ pasamos pura vida!

Vivimos en un paraíso tropical, tenemos las mejores playas, volcanes, cataratas, rios, cocodrilos, monos, pájaros, osos perezosos, ballenas, serpientes, a nuestra gente y por supuesto a la Cerveza de Costa Rica...

¿Así o más pura vida?

Pura vida for all
To those who love the sunrise over Montezuma Beach as much as the sunset behind the forest of Monteverde.

Pura vida, to those who believe we only live once, so we should enjoy life to the fullest.

Pura vida for here and to go: the millions of tourists that visit us every year return home with a taste of our beautiful country.

In Costa Rica, we live with pura vida: families and friends, locals and tourists, native species and the 5% of the earth's biodiversity our country holds and protects.

Raise your Imperial! Cheers to the good things in life as you take a bit of pura vida with you.
